## SUMMARY

Creative Computing graduate from Bath Spa University with hands-on experience across web development, programming, databases, machine learning, UI/UX and digital technology projects. Currently working as an IT & Digital Support Intern in Dubai, gaining professional office experience while applying technical problem-solving and communication skills. Strong academic foundation, practical project experience and two years of leadership experience as a Class Representative. Seeking an entry-level IT Support, IT Administrator or Technical Support role in the UAE.

## TECHNICAL SKILLS

**Programming:** Python, JavaScript, C++

**Web Development:** HTML, CSS, Node.js, Express.js

**Database:** MySQL, MongoDB

**Ai & Data:** Machine Learning, Pandas, NumPy, Matplotlib, Scikit-Learn

**Design:** Figma, Canva

**Tools & Platform:** Github, Android Studio, Unity Hub, Arduino

## PROJECT EXPERIENCE

### LUXE – Luxury E-Commerce Website

2026

- Developed a full-stack e-commerce website using HTML, CSS, JavaScript and Node.js.
- Created user authentication, REST API functionality and an admin panel.
- Designed the interface with a focus on usability, visual consistency and responsive design.

### Machine Learning Projects

2026

- Worked with Python and machine learning techniques to analyse datasets and build predictive models.
- Applied data cleaning, preprocessing, visualisation and model evaluation techniques.
- Used libraries including Pandas, NumPy, Matplotlib and scikit-learn.

### Physical Computing Project

2026

- Designed and developed an interactive Arduino-based system using sensors, LEDs and electronic components.
- Created circuit diagrams and programmed the hardware using C++.
- Tested and documented the system to ensure the components worked together correctly.

### Creative Industry Challenge

2025

- Worked collaboratively on a creative technology project involving business ideas, branding and digital content.
- Contributed to planning, development and presentation of the final project.
- Developed teamwork, communication and problem-solving skills through the project.
